PRODUCT OVERVIEW AND SCOPE GUIDELINES

Greetings,

We appreciate your interest in purchasing structural composite panels from INTELLI-CORE, LLC and we are eager to work with you and your business to create a lasting partnership. We receive a large volume of requests for projects and partnerships from many industries, and desire to know more about the scope of your project.

Privacy Disclosure:

INTELLI-CORE is an original equipment manufacturer (OEM) as well as a supplier to many companies. INTELLI-CORE is also a whole good manufacturer of several brands of products such as, CORE ICE, CORE PRO, CORE RV, CORE Rail, etc. Discussing your business' concepts and ideas may overlap with current production relationships, but as a company, we will not share your concepts or ideas. In addition, sharing an idea of a potential project does not hold claim of exclusivity to a concept, as it may be in production or development by other companies. Further discussion with INTELLI-CORE has an implied held-harmless agreement for infringement on your invention, concept, or thoughts. If there is a direct overlap of our current product scheme that may affect a working partnership, we reserve the right to refuse further discussions.

General Guidelines:

- Current largest continuous panel size is 96" x 144"
- We offer engineering and design assistance at a per hour rate
- Payment terms for each purchase order are 50% down to initiate order and full payment required at pick-up or prior to shipment
- Customers/Projects may qualify for the Certified Builder Program based on discussions and objectives determined during conversation
- Windows, CORE Rail, Rail Accessories, and other components can be purchased directly from INTELLI-CORE
- A typical 1.625" thick wall panel will weigh ~1.4lbs per sq ft
- Project proposals that overlap existing manufactured products may be limited in assistance from INTELLI-CORE or rejected to prevent a conflict of interest

OEM Process Initial Steps
